THINK OUTSIDE.®

Neopor® Foam Technology.

Oracle's™ Smart CoRe™ insulation is made with Neopor® from BASF SE, a graphite enhanced EPS foam. The graphite found in Neopor, not only allows our Smart CoRe™ insulation to absorb and reflect radiant heat but it also helps to reduce thermal conductivity.

**TXL™ Lamination Process**

Oracle™ is engineered with Solid CoRe™ insulation through our exclusive TXL™ Lamination Technology. This patented technology bonds the panel and foam together with a wider, more uniform adhesion coverage, giving your home all of the performance advantages of Smart CoRe™ intelligent design and technology.

**Smart Track™ System**

Our Smart CoRe™ insulation breathes naturally with our specially designed Smart Track™ ridges. As moisture passes through the panel, these Smart Track ridges create an air space for ventilation, allowing moisture to evaporate.

**Smart Track™ is available in Quad 4.5" Dutchlap only.**

Oracle™ Solid CoRe Siding® Performance Features	
	True-milled cedargrain finish
	No Painting. No Scraping. True Maintenance Freedom!
	Neopor® adds up to a 19% better R-value depending on profile

Exterior Portfolio® is more than beautiful, long lasting exterior products for your home. We believe in a sustainable future for everyone. For you, this means a home made from environmentally preferred materials. For us, it means cladding products offering benefits such as durability and low maintenance. All of our products provide a long service life that requires no harmful finishes. Because our commitment to the environment stretches from our home to yours, we engineer sustainable benefits into our product development process through innovations such as our *Smart Track™* moisture management system and our Solid CoRe™ insulation.
